

Notice 10/18/2021 to Members of:

**Bonner-Boundary Utility Coordinating Council and
Shoshone-Benewah One-Call**

Our new web site for North Idaho 811 is ready to view. Simply go to

<https://www.nid811.com>.

Click "Test Web Ticket" to see the pre-production Pelican OneCallAccess

System for North Idaho 811. Follow the instructions at the bottom of the web page to create a new temporary account. No information will be carried over from your TelDig System account. No tickets will be transmitted at this time. Your temporary account will need to be re-created when the production system is turned up.

This system requires that you use your email address for your User ID. Follow the prompts to fill in the information required. An email will be sent to your address with a link to log in and complete the rest of your User Profile.

Some work remains on the calculation of ticket start dates/times and daily audit list but these should be completed shortly.

Click "NID Conversion" and on that page "Ticket

Samples" to download the Table of Format Options and Ticket Samples. Or, **Click**

"Request Test Tickets" to have test tickets sent to your test email address. See also, "Frequently Asked Questions", etc.

Back on the home page, see links to Idaho Dig Statutes, D.I.R.T., and the Damage Prevention

Board Complaint Form.

Please note cutover to the Pelican OneCallAccess will be Monday, 11/1/2021 at 00:00 PDT. If you are a Member and haven't already sent in your executed New One-Call Agreement, please get it in right away along with your Exhibit F Member Subscription!

For any questions you may have, please send an email to support@nid811.com or call 1-800-693-9537.

Sincerely,
Rod Bacon, President
